

NUDURA Project Profile

Board of Education Office - Lawrenceburg Kentucky, USA

FAST FACTS

- Anderson County Board of Education Facility
- Engineer on the project: CMTA, Inc.
- 14,000 sq. Ft facility with brick finish.
- Floors Type: Bar Joists with slab.
- Exterior load bearing walls built with 6" forms above grade and 12" forms below grade.
- The main design feature incorporated NUDURA[®] Insulated Concrete Forms for construction on the main level and basement. By using NUDURA[®] Forms in the basement, it produced a dry environment conducive to the needs of the board. Utilizing NUDURA[®] also allowed for maximum energy efficiency.
