
PRODUCT DESCRIPTION

R-Value Inserts are designed to seamlessly integrate with any Nudura form, enhancing thermal performance without compromising the form's unique technological features. Available in multiple sizes, these inserts easily slide into one side of a Nudura Form Unit. This design ensures stability throughout the construction process while providing customizable R-value solutions for various project requirements.

BASIC USES

R-Value Inserts are used to increase the insulation value of Nudura Insulated Concrete Forms (ICF), making them ideal for energy-efficient buildings. They are best for net-zero buildings, commercial construction, and residential construction.

FEATURES & BENEFITS

- Achieve an R-Value of up to R-47 to maximize thermal efficiency for any building project.
- Offer versatile insert widths to suit various project specifications and architectural designs.
- Feature a dovetail design in R-Value inserts to allow for installation in ICF Forms as well as unassembled panels.
- Suitable for both residential and commercial constructions, adapting seamlessly to various design specifications.

AVAILABILITY

The R-Value Inserts are available from your local Nudura distributor. For Distributor locations, visit <https://www.nudura.com/>.

STORAGE

Store the R-Value Inserts in their original, undamaged packaging in a clean, dry location away from extreme temperatures.

PACKAGING

Table 1: Nudura Plus Series R-Value Inserts (EPS Foam Billet)

Thickness	1" (25mm)	2" (50mm)	4" (100mm)	6" (150mm)
Width	7 1/2" (190mm)	7 1/2" (190mm)	7 1/2" (190mm)	7 1/2" (190mm)
Height	32" (812mm)	32" (812mm)	32" (812mm)	32" (812mm)
Qty/Bdle	85	48	24	24
